OSTEOARTHRITIS OF THE HIP & KNEE RESEARCH STUDY

If you have OA of the hip or knee, have failed different pain medications & are planning to have hip or knee surgery, you may be eligible for the OvistA research study. The study is evaluating the safety and effectiveness of an investigational medicine for chronic hip and knee pain.

Participants must be:

- at least 18 years old
- diagnosed with OA of the hip and/or knee
- planning to have joint replacement surgery

Qualified participants will receive:

- all study medications
- study-related visits
- study-related tests at no cost

[Reimbursement for travel may be provided.]
